Valsad, Gujarat, India | +916356718644 | tandeldarshan57@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Frontend Developer with professional experience building scalable React.js and Next.js applications, alongside full-stack development using PHP, MySQL, WordPress custom plugins/themes, and ASP.NET Core. Experienced in architecting REST APIs, multilingual systems, authentication workflows, and responsive user interfaces. Currently expanding expertise in AI, Retrieval-Augmented Generation (RAG), and LLM integration, with hands-on experience in data automation and AI-assisted data processing.

EXPERIENCE

Wappzo Infotech Private Limited — Frontend Developer (progressed from Intern to Associate Software Engineer)

Frontend Developer Intern → Frontend Developer Trainee → Associate Software Engineer

Nov 2024 – Dec 2025

- Built 10+ reusable React.js components using Hooks and props-driven design, integrating with REST APIs to render dynamic data, applying analytical troubleshooting to debug and resolve data-format mismatches between frontend and backend."
- Translated UI requirements into responsive, cross-browser interfaces across 10+ pages using React.js, Next.js, and modern CSS (Flexbox, Grid, Tailwind, Bootstrap).
- Architected and shipped 13 custom WordPress plugins and a custom theme for [pushtimarg.wappzo.com](#), including a from-scratch English/Hindi translation engine, a course platform with quiz and progress-tracking endpoints, a multilingual polling system, and OAuth login across Google, Facebook, and Microsoft.
- Mentored 15+ onboarding interns through HTML, CSS, and JavaScript code reviews, while integrating senior-developer feedback into daily implementation tasks.

Prologiciel Consulting — .NET Intern

Jan 2024 – Apr 2024

- Built a full-stack task management app in ASP.NET Core (Razor Pages) and C#, implementing complete CRUD functionality against a SQL Server database using parameterized ADO.NET queries to prevent SQL injection.

SKILLS

- Frontend & UI** : JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap
- Backend & Databases** : Node.js, ASP.NET Core, PHP, WordPress, REST API Design, MySQL, MongoDB
- Tools & Other Technologies** : Git, GitHub, Local LLM deployment (Ollama), RAG fundamentals
- Data & Automation** : Python (data automation, API data pipelines), REST API integration

PROJECTS

Pushtimarg Web Application — WordPress, PHP, MySQL, JavaScript, REST APIs

- Developed a scalable WordPress platform by building 13+ custom plugins and a custom theme.
- Implemented a custom English/Hindi multilingual system, LMS, OAuth authentication, and REST API integrations.

FOP Admin - Food Ordering Platform Admin Dashboard — Next.js, TypeScript, Tailwind CSS, REST APIs

- Solo-built a restaurant operations dashboard in Next.js and TypeScript, architecting 14 components and 17 custom hooks in an MVVM pattern to manage, track, and report on food items, orders, and categories across 13 pages.

AI Chatbot — Python, Streamlit, Ollama

- Built a local AI chatbot web app in Python and Streamlit, integrating Ollama to support 4 swappable open-source LLMs (Llama 3.2, Mistral, Gemma, DeepSeek-R1) with persistent multi-turn conversation history and real-time token streaming, running fully offline with zero API cost, demonstrating practical experience building and deploying AI-powered tools.

Product Data Fetcher — Python, REST APIs, JSON

- Built a Python-based data automation pipeline that pulls live API data, performs data cleaning and normalization, and outputs structured JSON for downstream analysis — reducing manual data-handling effort.

EDUCATION

Bachelor of Engineering, Computer Science

Aug 2021 – May 2024

- Mahatma Gandhi Institute of Technical Education & Research Center, Navsari

Diploma in Information Technology

Jun 2018 – Jul 2021

- Dr. S. & S. S. Ghandhy College of Engg. & Tech., Surat

CERTIFICATION

- AI Engineer Core Track: LLM Engineering, RAG, QLoRA & Agents — Udemy
